Notes

1. This survey was performed with the benefit of a commitment for title insurance provided by Amerititle Title Company, Inc. OF No. 08-000480A-1, issued January 14, 2008 and effective January 01, 2008. Complete copies of the record description of the property, any record easements benefiting the property, the record easements or servitudes and covenants affecting the property ("Record Documents"), documents of record referred to in the Record Documents, and any other documents containing desired appropriate information affecting the property being surveyed and to which the survey shall make reference were not provided to this surveyor for notation on the survey with the exception of those documents listed within Schedule B of said commitment. Said commitment was relied upon for encumbrance research. Therefore, easements, agreements, or other documents, either recorded, or unrecorded may exist that affect the subject property that are not shown on this survey.
2. The basis of bearings for this survey is the West line of Keller Heights North, an addition to the City of Keller, Tarrant County, Texas, according to the plat thereof recorded in Volume 388-O, Pages 213 and 214, Plat Records, Tarrant County, Texas.
3. The subject property lies entirely within OTHER AREAS - ZONE X - Areas determined to be outside 500-year floodplain as shown on the National Flood Insurance Rate Map (FIRM) for Tarrant County, Texas and Incorporated Areas, Panel 180 of 595, Map Number 4440C0180 H, Revised August 2, 1995 as published by the Federal Emergency Management Agency (FEMA).
4. The right-of-way described in the Warranty Deed for Rights-of-Way to the City of Keller recorded in Volume 10445, Page 664 of the Deed Records of Tarrant County, Texas was not able to be located accurately on the ground. The description of this tract describes a thirty foot (30') by 315 foot tract and lies in the general vicinity as shown on this survey. The distances between the East corners of the lots surveyed herein and the West line of the property to the East of said right-of-way, are greater than thirty feet (30'). Therefore, there may be a discrepancy in ownership lying within this area.
5. Selling a portion of any lot within this addition by metes and bounds is a violation of state law and city ordinance and is subject to fines and withholding of utilities and building permits.
6. An engineered grading plan will need to be submitted, reviewed, and released for construction at the time of building permit.
7. The purpose of this replat is to combine Lots 16 and 17 into a single lot - Lot 16R.
