

Narrative Letter

City of Keller, Texas
Attn: Katasha Smithers
1100 Bear Creek Pkwy
Keller, TX 76248

Currently, the existing square footage of the barn is 2,000 square feet (40'x50'). The additional pergola, which I am requesting to have approved for installation, will be 1,250 square feet (50'x 25'). The reason for this request is primarily to provide shelter to my animals from the inclement weather, and for protecting equipment such as my tractor, pickup truck, attachment, etc.

Please let me know if you require any additional information.

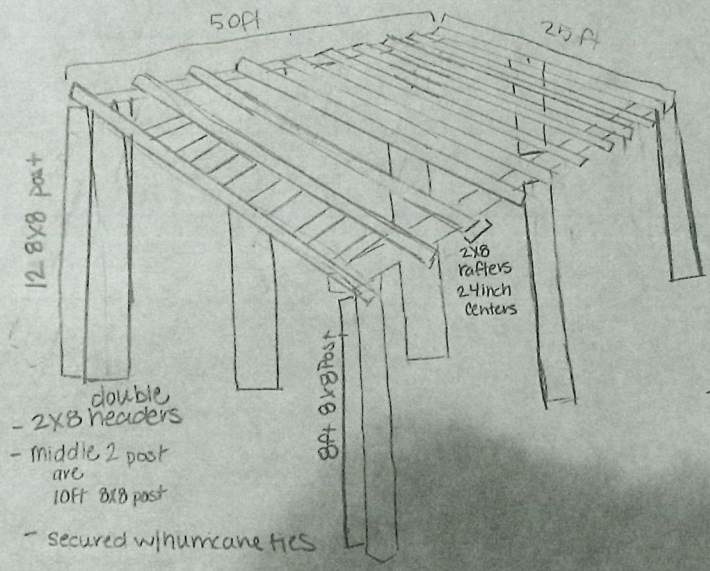

Respectfully,

Sean Alibrando
