

Hello Neighbors!

We are very much looking forward to physically moving in next to you in the coming months. As we mentioned a few months ago, in addition to our new home, we will be erecting a 40x50 accessory building. This will be placed almost exactly on the same location as the previous house, however will only be 14ft tall at the peak as opposed to the 25ft peak of the previous structure. We will be using high grade materials and this will not be used for any business purpose – solely for personal use. In addition to the new fencing we will seek to add landscaping trees to “soften” the edges. We thought it best to put this structure in now during construction in order to avoid prolonging disruption with another building project. Thank you for your support in this permitting process.

Sincerely,

Jim Atherton

This is just a representation of a similar building

Michael / Sue Whitfill 1217 Estrellas Dr See Whitfill OK

Bill / Jeanne Snyder 1219 Estrellas Dr NOTIFIED BUT NOT APPROVED Bill Snyder
