TX DL# 12380210

Summary

Devivo Bros. Eatery is expanding and will be taking over suite # 160, which is currently occupied by The Floor Store of Keller. Devivo requests a new larger set of illuminated channel letters which is congruent with the larger storefront on the Eastern Fascia. This permit request is for the "DEVIVO BROS. EATERY" letters only. The circle logo will be submitted as a separate request for a sign permit.

This sign is a larger version of their existing signage. The existing sign will be relocated to the northern fascia. The landlord requires all signage to be placed on a black back plate for additional visibility. Per city code, there is more than 12 inches of clearance between the letters and the top/bottom of the sign band area.

Proposed Signage

Channel Letter Type: Front & Halo Illumination
Overall Sign Dimensions: 42" tall x 344" wide

To the City of Keller,

On behalf of Devivo Bros. Eatery, we would like to respectfully request approval for two signs on the Eastern elevation of their recently expanded store front. Devivo Bros. has been a proud part of the Keller community for over 10 years and throughout this time, the eatery has established itself as not just a restaurant, but a vital community hub where residents gather, celebrate, and connect. Their commitment to excellent food and service has helped them build a strong, loyal customer base. This growth has made it necessary to expand into the adjacent suite formerly occupied by The Floor Store of Keller.

As long-standing ambassadors of the Keller area, Devivo Bros. has always upheld the highest standards of professionalism and community engagement. Their involvement in local events and charitable efforts demonstrates their dedication to improving the community. They have become synonymous with hospitality and warmth, providing a welcoming space that attracts not just Keller residents but visitors from surrounding areas. The restaurant's continued success directly contributes to the local economy and enhances the city's reputation as a place for family-owned businesses to thrive.

The request for two signs is intended to enhance the visibility of Devivo Bros. in a way that matches the scale of their increasing business and the layout of their new expanded storefront. Given the location and the surrounding area, two signs would significantly help guide patrons, some of whom may not be as familiar with Keller's business fronts. Moreover, these signs would allow the restaurant to better serve the city and continue to serve as an anchor in the Keller restaurant community.

The proposed signs will be tastefully designed and comply with the city's guidelines, ensuring that they complement the aesthetics of the area while serving the functional purpose of improving visibility for both foot traffic and passing vehicles.

Considering the valuable contributions Devivo Bros. has made to Keller over the past decade and their role as active community leaders, we kindly ask for your consideration and approval of the two requested signs. Their presence would further solidify the eatery's role in supporting local business growth and fostering community spirit.

Thank you for your attention to this matter, and for your ongoing support of local businesses like Devivo Bros. Eatery.

Sincerely,

A handwritten signature in black ink, appearing to read 'Bob Williams', with a large, sweeping flourish above the name.

Bob Williams, Owner/Operator
