Subject: Re: SUP-24-0017

We are writing to remove our support of Mr. Rivera's SUP request after further clarification that he is seeking approval for an EXISTING carport. It was our previous understanding that the SUP was for a replacement carport NOT to cover up something that was installed without proper city zoning approvals. We simply cannot in good conscience support something that was done illegally.

Sincerely,
Jennifer & Doug White

Subject: SUP-24-0017

I am writing in support of the applicant, Jose Rivera, located at 1856 Highland Drive East SUP to place a 325 sq.ft. carport. We are always in favor of owner occupied residences making improvements on their lot/property. Highland Terrace mobile home residents deserve to have the same zoning considerations as permanent dwelling landowners in Keller. Our property in Asheville Estates is located directly behind the applicants lot.

Sincerely,
Jennifer & Doug White
