**SPECIFIC USE PERMIT (SUP) APPLICATION**

**SECTION 3. CHECKLIST**

(Please provide each of the items below & initial next to each item)

The application fee

Seven (7) 22" x 34" or 24" x 36" copies are needed, collated and folded to 9" x 12" paper size; electronic copy is recommended upon submittal date.

A written proposal outlining all special conditions and additional requirements for the property controlled by the SUP, including but not limited to:

- the paving of streets, alleys and sidewalks,
- means of ingress and egress to public streets,
- provisions for drainage,
- adequate off-street parking,
- screening and open space,
- heights of structures,
- compatibility of buildings,
- hours of operation, and
- time limits.
- A letter justifying the request and addressing the decision criteria on with the Planning and Zoning Commission and City Council will base their decision.
  - 1) The use is harmonious and compatible with surrounding existing uses or proposed uses;
  - 2) The activities requested by the applicant are normally associated with the permitted uses in the base district;
  - 3) The nature of the use is reasonable and appropriate in the immediate area;
  - 4) Any negative impact on the surrounding area has been mitigated; and
  - 5) That any additional conditions specified ensure that the intent of the district purposes are being upheld.

A legal description or meets and bounds description of the property.

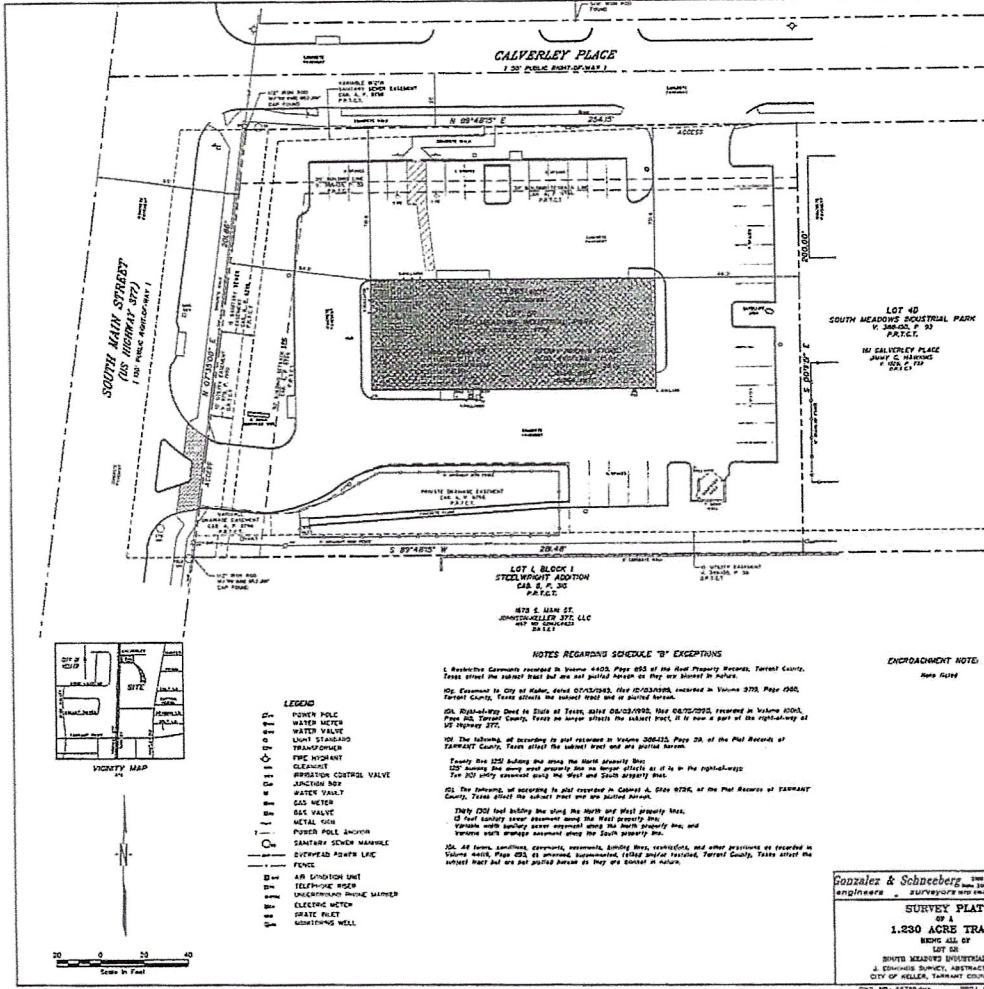

Concept Plan. The plan shall be to scale and show the following:

- topography,
- and boundary of SUP area;
- physical features of the site;
- existing streets, alleys and easements;
- location of future public facilities;
- parking ratios, the final Detailed Site Plan;
- building height and location, elevations;
- site landscaping;
- off-street parking facilities;
- size, height, construction materials, and locations of buildings and the uses to be permitted;
- location and instruction of signs;
- means of ingress and egress to public streets;
- the type of visual screening such as walls, plantings and fences;
- the relationship of the intended use to all existing properties and land uses in all directions to a minimum distance of two hundred feet (200') and;
- other information to adequately describe the proposed development and to provide data for approval.

Evidence of communicating the proposal with the adjacent neighborhood

Trip Generation Form and, if required per Section 5.03, Traffic Impact Analysis

Additional information or drawings, operations data, or expert evaluation when considering the application, including traffic studies and drainage studies as required by the Development Review Committee.

**PROPERTY DESCRIPTION**

BEING LOT 40 OF SOUTH MEADOWS INDUSTRIAL PARK, being a portion of Lot 40 of Deed Instrument Instrument No. 44356, as shown on the plat of Survey, Tarrant County, Texas, prepared by the City of Keller, Tarrant County, Texas, and recorded in the Public Records of Tarrant County, Texas, on July 23, 2016.

December 12, 2022,

To: City of Keller:

Planning Staff for the Zoning Change and SUP Request: for 1661 South Main Street Keller Texas on Lot 5r South Meadows Industrial Park

Answers to Section 3 Narrative Statement

- The current Zoning of the site “C” Commercial for heavy commercial/retail land use that allows for auto tire sales and service store, it was Goodyear Tire Store originally. The most recent tenant was “Next Tire Store”.
- The need for a zoning change for an SUP use in “LI” is to allow a new tenant to occupy a vacant automotive-type building that does mostly minor auto repair but does major engine work and transmissions and other services to vehicles. The new business DOES NOT perform any bodywork, frame straightening, or body painting. Therefore, NO paint booth is needed. The zoning change is intended for major auto repair only, with No Paint No Body services. This tenant has a proven track record in 5 cities around the DFW area. Information attached.
- The use will not change the existing building site or structure. The new tenant is willing to add more landscaping if needed or required, will install a new sign that meets all ordinances, and partially paint the exterior of the building to dress up as needed or requested by the City of Keller.
- The new use is a high-end auto service operator that does work on very nice high-end vehicles. They offer concierge drop-off and pick-up services and have a nice waiting room planned for customers.
- The proposed use is very similar to the existing use, does not need any structural changes to the building will offer services needed for nearby residents.
- The new use is compatible with the surrounding business uses that are all commercial along South Main Street and similar to the area. They comply in our opinion with the City of Keller’s “Future” Land use goals as shown in the adopted comprehensive plan.
- This zoning change and SUP will consistent with all existing uses, streets, entrances, and utilities to the site. No new building development is needed. This change allows a vacant building to be leased and serviced to the community by offering a needed service business for automobile repair and homeowners in the area.
- It will add to the tax base of Keller through additional Business Personal Property, being added to the tax rolls in addition to the existing building value.

Sincerely,

James L. Maibach & Brian Cotter  
Zoning Consultants for Applicant.
