 JSI TIPS Contract #200301

The furniture industry has been affected by COVID-19 safety protocols, increases in demand, transportation challenges, and material/parts shortages. Due to these continuing challenges, the furniture industry is experiencing unprecedented delays resulting in longer than normal delivery times. Delays and lead times vary by brand and even by item. If timing for receiving your new furniture is a top priority, our sales team can provide in-stock and special-order options to fit your schedule. We continue to receive price increases and transportation surcharges from manufacturers, so our prices are subject to change. We expect upward pressure on prices to continue so we encourage you to purchase now to ensure the best price. Previously quoted prices may be adjusted to reflect current costs and surcharges. We will continue to communicate with you every step of the way. We value your business and want to thank you for choosing Wilson.
