**3. Action on Executive Session Item 1 if necessary.**

No action was taken.

**D. WORK SESSION**

1. [Overview of Keller Fire Department Medical Control Vehicle](#)

EMS Captain Kendall Nivens with the Keller Fire Department presented an overview of a proposed medical control vehicle pilot program designed to provide on-scene physician support for high-acuity and complex EMS calls. The program would deploy a dedicated medical patrol vehicle staffed by EMS physicians under contract with Best EMS, initially providing coverage seven days per month with plans to expand through regional partnerships. The initiative is intended to reduce unnecessary ambulance transports, improve patient outcomes through enhanced on-scene decision-making, support EMS crew education, and lower overall community and emergency room costs, particularly at high-demand locations within the city.

2. [Development Services Update](#)

Director of Development Services Sarah Hensley provided an update on activities within the Building, Code Compliance, and Planning divisions, noting that Development Services is now fully staffed for the first time since 2023. In 2025, the department completed more than 4,700 building inspections, processed significant permit activity, and opened 809 code compliance cases with a high rate of voluntary compliance. Staff also highlighted increased transparency through the public citizen portal, ongoing use of third-party plan reviewers, and upcoming Unified Development Code amendments and process improvements that will be brought forward during the Council's strategic planning discussions.

3. [Capital Improvement Projects Update](#)

Director of Public Works Alonzo Linan and Director of Community Services Cody Maberry provided an update on major capital improvement projects, including the Keller Sports Park, which is nearing substantial completion. Construction progress includes completion of irrigation on multiple fields, installation of gravel and turf preparation for the baseball fourplex, ongoing roadway paving and striping, and scheduled completion of batting cages and pitching lanes. Additional features such as the interactive play structure remain on schedule, with phased completion and a targeted ribbon-cutting planned as remaining work continues into early 2026.
