

Request for Variance - Photometric Plan

For the Property Located at:

CITY OF KELLER ADDITION

BLOCK 1 1 LOT 2A PLAT D218027641

110 TAYLOR ST. KELLER, TX 76248

Re: Photometric plan

110 Taylor St. is a pre-existing structure adjacent to a residence. The existing exterior lighting comes from four sources:

1. Overhead street light on north-west corner of the property
2. Front porch light
3. Back porch light
4. Street/sidewalk lamp directly across the street

There is no plan for additional exterior lighting, as the existing lighting is sufficient.
