**Subject:** Support for SUP-2507-0030, Carport w/ variance, 1519 Mount Gilead Rd

**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Greetings,

I would like to express my support for Shane Crocker's request for an SUP for a carport with a variance to encroach 5' into the south side setback of his property (SUP-2507-0030).

I listened to Mr. Crocker's rationale for the carport and for the encroachment during the P&Z's review of this item. I found his arguments rational and reasonable. The carport as proposed is visually consistent with properties in the area & will not adversely affect the sense of open space of this part of Keller.

I hope you will approve his application.

Thank you,

Debbie Wolfe
