Sam,

Please see the following results from today's Site Final Inspection...

1. A landscape island with tree is missing in the northeast curved parking area. The tree was added near where the island should be but there is still no island.
2. 2 trees shown on the southeast side of the drive onto North Tarrant Parkway, just north of the new auto tech and credit union building, were not planted.
3. See attachment

Sam,

Site Final has been scheduled for tomorrow. I am waiting to hear back from Public Works on what they have left.
