## PROPOSAL FOR SPECIFIC USE PERMIT

Will Ann Brewer  
529 Lavena St  
Keller, TX 76248

I have lived in my current home since 1980. A Minor Final Plat Residential of my property was completed in March 2023. I am planning to build a new house on a different site on my acreage, but I wish to continue to live in my current home until three months after the new house is completed. The former home will either be removed or demolished.

Hopefully, construction will begin after the following have been completed.

1. SUP Approval
2. Geotechnical Report
3. Foundation Plan
4. Engineered Framing Plan
5. Building Permit

There are no other special conditions or additional requirements.

1. A driveway will be paved to the garage of the proposed house from Lavena St.
2. The ingress and egress to the property will not change.
3. A drainage study has been completed by Thomas Hoover Engineering Inc. Mr. Hoover will revisit this study to assist in the grading of the property for the new build.
4. There is adequate off-street parking with a 4-car garage, a driveway and 3 acres.
5. All adjoining neighbors have been informed about the application for a SUP by written letter.

Dear Neighbor,

I have lived in my current home since 1980. I am planning to build a new house on a different site on my acreage, but I wish to continue to live in my current home until three months after the new house is completed.

The City of Keller requires that I submit an application for a Specific Use Permit (SUP) and inform all adjacent neighbors of my plans. A public hearing with the Planning and Zoning Committee will be scheduled before this is approved.

Thank you in advance for your support.
