Subject: Fw: question

To P & Z Commissioners and City Council Members:

We are opposed to another salon/spa (hair, face, nails, massage etc.) as per the attached information, Keller seems to have an excessive number of these types of establishments. We question how many more of these businesses can be supported before they start closing and the buildings sit empty?

We wonder what the attraction of so many of these places really is? Keller need to be more picky on what commercial and retail businesses we want/need. Surely we can do better?

Regards,

Linda & Ernest Taylor
Keller, TX

Hi Linda,

I have attached an exhibit from the Salon Case going to the Planning and Zoning Commission on Monday, November 27, 2017. This is included in the packet posted on the website. It is a list of all business salons, spas, barber shops, and massage establishments that have a CO, those located in Old Town Keller are highlighted in Blue. We update the list periodically. I counted 62 establishments on the list.

Please let me know if you have any further questions.

Regards,
Michele

Subject: question

Hi Michelle,

Can you please tell me how many spas and salons (hair, nails, face and/or massage) Keller currently has? I know there are some businesses that solely do massage, so please include those in the total number.

Thank you and Happy Thanksgiving,

Linda Taylor
Keller, TX
