I Am submitting this letter in support of the recommendation to Allow "County Line Records" To operate their business AT 148 Elm St, Oldtown.

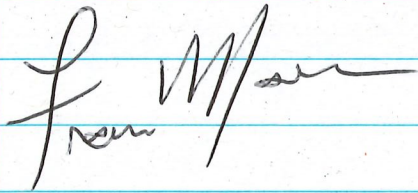

As the owners of the property we interviewed several people wanting to rent this property.

We considered all but felt that Rodney and Lori Holder and their business would fit the property best.

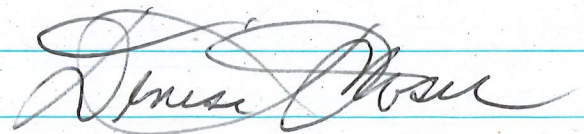

I believe Oldtown would benefit with more businesses like theirs

Thank you for your consideration

Fran Moser

RE: Special Use Permit

To Whom it May Concern;

My name is Dennis Waldrip. My love for Keller goes way back in time. Having lived and worked there for many years I also served 2 terms as the Keller Lions Club President. While employed by past Mayor Ron Lee and Main Street Depot, I was honored to be a part of the moving and restoration of many buildings and built the original steps to enter the train in Old Town Keller.

I would like to submit my recommendation that Countyline Records be considered and granted a Special Use Permit to open a retail business at 148 S. Elm Street in the Old Town Business District. Countyline Records is an existing business featuring new and quality pre-owned vinyl records as well as other forms of music media. Turntables, playback equipment and associated record collecting accessories and supplies are sold as well.

The presence of Countyline Records in the Old Town Business District will no doubt bring a unique cultural element to The Old Town Business District and the surrounding area. Vinyl record sales are on the rise and out selling all other forms of tangible music media. Me being a lifelong audio enthusiast, I have over 6500 vinyl records in my collection. There are record stores sprinkled throughout the DFW area, however there are not any located to service Northwest Tarrant County area. Countyline Records will be an asset in the efforts to make Old Town Keller a fun destination.

I have known the owners, Rodney and Lorissa Holder, for some time and found them to be individuals of high character and responsibility. They are "hands on" and civic minded.

Thank you for your consideration for Countyline Records to become a part of Keller's Old Town Business District.

Sincerely,

Dennis Waldrip
