Dear Community Development Department,

We received a letter from the City of Keller letting us know about a public hearing for Case No. SUP-23-0026 which involves our neighbors at house number 2016. The Southwest corner of our property falls within the 200 foot perimeter of 2016. We are writing in support of our neighbors' newly built carport. The quality timber frame construction looks very nice and complements their house and our street. The carport is located in their backyard far from the street and we really hadn't noticed it until we received a letter concerning the public hearing. We have no issue with the carport and wanted to make our support known.

Thank you,

John & Mackenzie Hellman
