Current Lead Time: 12 weeks (subject to change based on material availability when order is placed)

The furniture industry has been affected by supply chain disruptions, increases in demand and fuel costs, transportation challenges, and material/ parts and labor shortages. Due to these continuing challenges, the furniture industry is experiencing unprecedented delays resulting in longer than normal delivery times. Delays and lead times vary by brand and even by item. If the timing for receiving your new furniture is a top priority, our sales team can provide in-stock and special-order options to fit your schedule. We continue to receive price increases as well as fuel and transportation surcharges from manufacturers, so our prices are subject to change. We expect upward pressure on prices to continue so we encourage you to purchase now to ensure the best price. Previously quoted prices may be adjusted to reflect current costs and surcharges. We will continue to communicate with you every step of the way. We value your business and want to thank you for choosing WilsonBauhaus Interiors.
