Good morning please see signature attached. Let me know if husbands signature is needed as well. His name is not on the deed.

A photograph of a handwritten signature in blue ink on a light-colored, textured surface. The signature is written in a cursive style and appears to read "Terri Yang".

Good morning!

After discussing this matter with my husband Darrell Ferris who has marital interest in this property on 657 Hallelujah trail, we have decided to vote against the planning and zoning change

Please retract my previous vote.

We feel the communication provided by other parties pertaining to the bidding process and the road access to other potential bidders is different than it was originally presented at the first planning and zoning meeting. We feel this to be just maneuvering to make the original sale to that present developer. The option presented to any other bidders provides no access to Keller Smithfield and removes option to keep property as open space. Thus owner is misleading other surrounding property owners to just secure votes.

Please acknowledge the receipt of this message and let me know if original signatures are needed for this request.

Terri Yang
Darrell Ferris

We are in support of the changes and urge the council/committee members to approve of this.

Thanks so much for all of the time you spend making these decisions for the betterment of our city. We appreciate you!

Subject: The Birch PD

Good afternoon,

My husband and I own 1241 Oakhill, near The Birch. We would like to affirm our support for The Birch PD changes and urge council to approve at the September 12th meeting. We believe the division of land will best serve our community.

I appreciate having the opportunity to voice my opinion.

Best,
Christine Schoellhorn

Subject: Birch PD change request

My husband and I strongly support Taylor Dent's request to update his PD. We have supported The Birch from its inception and want to see it reach its full potential. That will come when the Dents complete the plans they have for the other building, outdoor tennis courts, and club house. Approval will allow Taylor to sell the "Rocky Top" section to the best bid that he gets. We are hoping that the sale will go to someone who will continue the horse usage there, as we have enjoyed having them beside us. If it turns out to be Calais homes we are fine with that also.

Please vote to approve the change the Dents are requesting in their Birch PD.

Re: PD amendment and rezoning a portion of the Birch Racquet and Lawn Club

To Whom It May Concern:

This letter is to confirm that both of us are IN FAVOR of the PD amendment and rezoning request of Taylor Dent Applicant/Owner of The Birch Racquet and Lawn Club.

We are of the opinion that The Birch is a welcomed and appreciated addition to our City and specifically our area on Keller Smithfield. We are also in favor of either homes or horses on the property Mr. Dent is requesting rezoning for. To not allow him the right to rezone and sell a portion of the property is to saddle both he and The Birch with a burden that does not seem reasonable or just.

We, therefore, urge you all to approve the request.

Best regards,

Rich Stoller

Subject: Support for The Birch

Hello, my name is Brittainy Fink and we own the property at 725 Hallelujah Trail Keller, 76248. Our property joins the proposed Birch Development on our east side. We are in full support of The Birch being granted the ability to split off their 11.94 acres and being removed from the PD into 36,000 square ft. minimum residential lots. We would truly love for Rocky Top to continue, but feel very strongly the city does not have the authority to stop The Birch from doing what is best for their privately owned property. They have followed the cities rules and are within their rights as business owners in Keller. We do not want dorms and tennis courts directly behind our home which The Birch investors could force the Dent's to continue with the original plan if the split is not granted.

Sincerely,
Brittainy and David Fink
