Subject: Opposed to SUPs for Dutch Bros

Greetings,

I am opposed to granting the requested SUPs for Dutch Bros. While I am not opposed to bringing additional coffee houses into Keller, it is my opinion that a drive-through only coffee establishment adds nothing special to the city, especially in the Town Center zoning district. It is not the type of business Keller residents have requested in community surveys and does not warrant the privilege of receiving special consideration.

In contrast, Maple Street Biscuit Company does bring something unique to Keller. I look forward to the approval of their fairly minor site plan amendment and to biscuits & gravy on their patio once they open.

Thanks,
Debbie Wolfe
