Property Owners shall keep these natural drainage ways on their property mowed, clean, and free of debris, silt, or other substances which would result in unsanitary conditions. The City of Keller shall have the right to enter all drainage easement areas for the purpose of inspecting the drainage ways for confirmation of condition of the drainage way with respect to maintenance and erosion control. The City of Keller will not be responsible for the maintenance or erosion control of the open channel area within the drainage easement which is left in the natural state. The open channel areas left in the natural state are occasionally subject to storm water overflow and bank erosion that cannot be predetermined. The City of Keller shall not be liable for any damages resulting from the occurrences of this overflow and erosion. No construction, modifications, or fencing will be allowed in the drainage easement without the written approval of the City of Keller's Director of Public Works.
