To Whom It May Concern:

I agree with PentaVia Custom Homes building on the Roanoke Christian Center site.

The highest and best use of the land is to build beautiful custom homes. The current church is old and in need of repair and is an eyesore to the lovely homes surrounding it. The neighboring homes would benefit from adding 4 new beautiful estate homes.

What we do not want in Keller is any additional multi-family and/or small residential lots to be approved.

Thank you for your time and consideration,

Debbie Vinson
Keller Resident

Ms Hensley,

I am writing this in support of PentaVia Custom Homes' request for the rezoning of the old Roanoke Christian Center (Zone 2412-0009).

It's my belief that the highest and best use of the property would allow it to be developed for residential use. The addition of quality single family homes will be of greater benefit to the residents and city of Keller than an aging structure that sees little use.

As a long term and very happy Keller resident, I respectfully request that the request for rezoning be unanimously approved.

Thank you for your consideration.
