

Hello my name is Cody Perez and I'm the owner of Masters of Barbering, a barbershop in Keller tx. At 102 Keller hicks rd. 76248 #125.

First of all I'd like to say thank you for taking the time to review my application and considering the potential of relocating my barbershop to a more ideal and visible location.

I'm hoping to be approved to relocate to the building at 413 N Main st. Keller, Tx. This building is more accommodating to my current barbers with more visibility from 377 for more potential clients. We currently sponsor an elementary school here in Keller and most new clients from that are having trouble finding us as we are tucked in the back of the lot. We will continue only the traditional barbering services, nothing added or taken away from the building. We plan to have 8-10 barber stations in total with 2 shampoo bowls. Hours of operation will remain the same as well.

Please let me know if any additional information is needed. Again, thank you for your time.
