Evergreen Massage  
900 S Main St  
Keller, TX 76248

RE: SUP

Evergreen Massage will be located at 900 S Main St in Keller, TX 76248. The establishment is being operated by Yifang Li. Yifang has her Texas approved massage license as of July 2014. She has had a store before located in Highland Park, TX and has worked at a massage therapy license in Mesquite, TX since late 2016. Yifang has gotten her approved continuing education course recommended by the State of Texas in Sports Medicine. That course was completed in the last two months. Yifang Li is the operator of the establishment and I will be assisting her with the lease as well as the documentation requirements. Both of us are already signed on the lease for the property.

The Keller police have been involved in getting their licensing documentation and we have supplied fingerprints and background checks as well as a letter from the landlord that a massage office would be located at that location. They are also keeping records of her education and continuing education documents.

There are no zoning requirements as related in the SUP. There are no other licensing or other considerations for the location as well.

Thank you
