Subject: Andy's Frozen Custard poll results

I took a poll on the Nextdoor app of who would be in favor of Andy's Frozen Custard coming to keller out of almost 250 votes here are the results

57% In Favor of
18% neutral
25% against

With 75% of people being In Favor of or neutral it seems Andys is very welcome in keller. Many users also gave testimony as to how Andy's is much different from the only other custard place in town and how much better it is.

I will attach an image of the poll and hopefully this can help in your decision to allow Andy's to come to our town.
