Re: Marshall Ridge Phase 3D
Letter of Support
Meritage Homes Request to Amend Tree Appeal Resolution No. 3769

Mr. Hawkins:

Please accept this letter of support in favor of Meritage Homes request to amend Tree Appeal Resolution No. 3769 for Marshall Ridge Phase 3D. As a recent purchaser of a new home that will be constructed within the community, we feel the additional nuisance and construction traffic that will be generated as part of the remaining lot development could be avoided if Meritage were allowed to move forward immediately with the development of remaining lots given the initial phase of lots, streets & utilities have been accepted by the City of Keller.

We'd appreciate both City staff and City Council's consideration of approval on this item.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles Tirumalareddy', with a stylized flourish at the end.
