The Honorable Mayor Pat McGrail and Members of the City Council
The City of Keller
1100 Bear Creek Parkway
Keller, Texas 76248

Re: Concordia Letter of Support

Dear Mayor McGrail and Council Members,

We, the undersigned citizens of Keller, are writing to you in support of the proposed single-family residential development to encompass over 23 acres directly adjacent to Northwood Church, directly north of North Tarrant Parkway and adjacent to Chase Oaks Addition. The developer, Contour Real Estate & Development, LLC, is partnering with David Weekley Homes, an award-winning company and the largest privately-held homebuilder in America. The Community, Concordia, would allow 66 new lots to be developed similar to those developed in the Chase Oaks Addition which connects to the subject property on the north side.

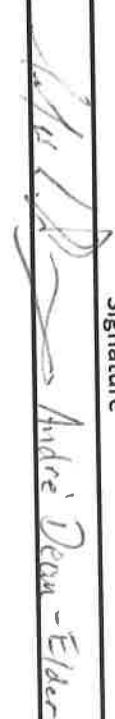

We believe that it is imperative for Keller to continue to provide high quality residential options, which this project will do. It will also greatly expand the city's tax base. This development will enhance the community aesthetically with amenities that include open space featuring a retention pond, a fountain, and a walking trail on a site that is currently vacant. A site concept plan for the proposed development is enclosed with this letter.

Because of our desire to not have retail and/or commercial development adjacent to us, and the experience and excellent track record of the developer and homebuilder involved with this project, we offer our full support for the requested zoning and other approvals required from the City of Keller for this development. We would greatly appreciate your support and approval.

Sincerely,

(See attached signature page for citizens' signatures)

Re: Concordia Letter of Support for Rezoning Application
Northwood Church Land, North Tarrant Parkway, Keller

Dear Mayor McGrail, Council Members & Planning & Zoning Commission Members:

We, the undersigned citizens of Keller, are writing to you in support of the proposed single-family residential development to encompass over 23 acres directly adjacent to Northwood Church, directly north of North Tarrant Parkway and adjacent to Chase Oaks Addition. The developer, Contour Real Estate & Development, LLC, is partnering with David Weekley Homes, an award-winning company and the largest privately-held homebuilder in America. The Community, Concordia, would allow 66 new lots to be developed similar to those developed in the Chase Oaks Addition which connects to the subject property on the north side.

We believe that it is imperative for Keller to continue to provide high quality residential options, which this project will do. It will also greatly expand the city's tax base. This development will enhance the community aesthetically with amenities that include open space featuring a retention pond, a fountain, and a walking trail on a site that is currently vacant. A site concept plan for the proposed development is attached.

We enthusiastically support this zoning change and the residential product type being proposed for this property. We would greatly appreciate your support and approval.

Sincerely,

(See attached signature page(s) for citizens' signatures)

Re: Concordia Letter of Support for Rezoning Application
Northwood Church Land, North Tarrant Parkway, Keller

Dear Mayor McGrail, Council Members & Planning & Zoning Commission Members:

We, the undersigned citizens of Keller, are writing to you in support of the proposed single-family residential development to encompass over 23 acres directly adjacent to Northwood Church, directly north of North Tarrant Parkway and adjacent to Chase Oaks Addition. The developer, Contour Real Estate & Development, LLC, is partnering with David Weekley Homes, an award-winning company and the largest privately-held homebuilder in America. The Community, Concordia, would allow 66 new lots to be developed similar to those developed in the Chase Oaks Addition which connects to the subject property on the north side.

development will enhance the community aesthetically
featuring a retention pond, a fountain, and a walking trail on a site that is currently vacant. A site
concept plan for the proposed development is attached.

We enthusiastically support this zoning change and the residential product type being
proposed for this property. We would greatly appreciate your support and approval.

Sincerely,
