Attention: City of Keller

To whom it may concern,

Our names are Tommy and Neysha Kurilenko. We are originally from New York and moved to Texas after Tommy retired as an NYPD Sargent after 22 years of service, along with Neysha, now a stay at home mom to a 9 month old after over 20 years of experience in the hotel industry.

Comic books have always been a shared passion for us, and after selling books online and in several tradeshow through out the years, we have decided on opening our own store. Our goal is not only to have a store, but also to open a business where people of all ages can have a space where they can visit, shop and even participate in activities, such as the reading of a new or old comic book.

We plan on selling vintage comic books as well as new ones, and superhero themed collectibles items.

By way of this letter, we hope we were able to express what our vision for our store Comic Warriors is, and we look forward to bringing our store to Keller.

Sincerely,

 
Neysha & Tommy Kurilenko
