# ARTIST'S STATEMENT & PROJECT VISION

## LOVE-PEACE-RESPECT

Filled with color, beauty, whimsy and 'a few of my favorite things', this mural is designed to grab your attention with it's vibrancy, draw you in and allow further discovery of meaning through text with a closer look. My goal is to inspire positive action and personal change, by encouraging an open-minded, kind, intelligent and educated worldview. Placed at Artful Mayhem Studio, the only kids-focused creative venue in the city, our goal is to create a statement that will honor the artistic style of our interior decor that reflects the ideals and values held by our staff and business (and members of the community).
