Very clean, private and semi private rooms. I went in with shoulder and lower back pain. I didn't say a word to the man but it helped sooooo much! And I only got the "foot massage!" Definitely will return.

You need to get here fast! My husband and I just rode our bikes for 4 hours and needed some relaxation. We each got a 90 minute massage. I called ahead to see if I needed to make an appointment since it was the weekend. The receptionist said it was best to do so. We ended up arriving a little early but they accommodated us with no issue. The place is so clean, not like other foot spas. We got settled and the rest was history. They worked through kinks and made us new again! It doesn't even feel like we were on our bikes for half the day. At other foot spas the masseuses will talk during your massage, not here! It was nice and relaxing. Tip your masseuse well, they deserve it. We will be back!

BEST SPA IN DALLAS hands down. My wife and I have been to a lot of spas in dfw and this is by far the best for the money. Everything is new and clean because they just opened and they treat you like a v.i.p from the minute you walk in offering you wine coffee or tea. This place is even better than the photos when in person! five stars!

This spa lives up to its name and for the great A1 massage Rosie provided! The 70 min foot Reflexology special for 25.00hr is actually a full body massage! Rosie used massage techniques like no other masseuse has!! Believe me, I've been to quite a few spas in DFW! You see my reviews.. Rosie knocked me out with both hands! She said she just finished massage school recently and has been in the
