54	CE1901-0005	Fence built w/o permit and not acceptable fence-applied for permit after the fact and denied; ongoing action-a	Superior Exteriors
55	CE1901-0015	Fence built w/o permit-permit was initially approved, then approval rescinded per the (at that time) Director of CD. The fence was built despite the permit approval being rescinded. The permit application was recently reviewed again. The fence permit could not be approved because the fence that was built did not match the permit application. Property owner was requestedt to come in to update the permit; however the permit cannot be approved at this time because one of the materials in front of the house is not allowed per the UDC.	Property Owner obtained the permit, contractor unknown to us.
