

I am not opposed to the variance requests by Joseph and Sharon Hopkins residing at 1804 Willis Lane. Variance one calls for 240 square feet of garage door surface to face Willis Lane versus the 72 square foot in the city ordinance. Variance two calls for a 6' steel fence to be installed up each side and across the front of the home at 1804 Willis Lane versus the 4' high limit called for in the city ordinance.

[illegible]
