SURVEYOR'S NOTES:

This survey was performed without the benefit of a commitment for title insurance and there may be easements, agreements, or other documents, either recorded, or unrecorded may exist that affect the subject property that are not shown on this survey.

PLAT NOTES:

- Selling a portion of any lot within this addition by metes and bounds is a violation of state law and city ordinance and is subject to fines and withholding of utilities and building permits.
- All setbacks shall be in accordance with the zoning district, as described in the Keller Unified Development Code.
- According to the Zoning Map of the City of Keller, subject tract lies in "SF-36" zoning.
- Lot 3, Block A must comply with the 2009 International Fire Code as amended and adopted, before the issuance of a building permit, and the installation of a fire sprinkler system and separate water meter is required, regardless of the size of the home.
- Lot 2 Block A - if the current residence is demolished and re-built or a building addition increases the home to 6,000 square feet or greater, the installation of residential fire sprinklers shall be required.
- Residential fire sprinkler systems require a separate tap and meter for water supply.
- This subdivision is subject to all of the terms and conditions of Tarrant County Commissioner Court Order Number 42703 (Sewage Regulations). Prior to the issuance of a building permit, a license must be obtained by the owner for any private sewage facility (septic tank or aerobic system) to be constructed in the subdivision. A sewage disposal plan will be filed with Tarrant County and areas suitable for septic tanks or aerobic systems will be defined.
- Lots 2 & 3 shall have vehicular access (ingress/egress) to a public street and access to public utilities across Lot 1.
- A CRS or MNS (see monument table) will be set at lot corners upon approval of this plat.

SURVEYOR'S CERTIFICATION:

KNOW ALL MEN BY THESE PRESENTS:

That I, Jewel Chadd, do hereby certify that I prepared this plat from an actual and accurate survey of the land and that the corner monuments shown thereon as set were properly placed under my personal supervision in accordance with the platting rules and regulations of the City of Keller, Texas.

DRAINAGE EASEMENT

The Drainage Easements shown on the plat are dedicated to the City for storm water runoff control. Those drainage easements covering areas to be left in a natural state will be the property owner's responsibility to keep unobstructed and maintained, including erosion control. Property Owners shall keep these natural drainage ways on their property mowed, clean, and free of debris, silt, or other substances which would result in unsanitary conditions. The City of Keller shall have the right to enter all drainage easement areas for the purpose of inspecting the drainage ways for confirmation of condition of the drainage way with respect to maintenance and erosion control. The City of Keller will not be responsible for the maintenance or erosion control of the open channel area within the drainage easement which is left in the natural state. The open channel areas left in the natural state are occasionally subject to storm water overflow and bank erosion that cannot be predetermined. The City of Keller shall not be liable for any damages resulting from the occurrences of this overflow and erosion. No construction, modifications, or fencing will be allowed in the drainage easement without the written approval of the City of Keller's Director of Public Works.

FLOOD ZONE CLASSIFICATION

This property lies within NON-SHADED ZONE X of the Flood Insurance Rate Map for Tarrant County, Texas and Incorporated Areas, map no. 48439C0080K, dated 2009/09/25, via scaled map location and graphic plotting and/or the National Flood Hazard Layer (NFHL) Web Map Service (WMS) at <http://hazards.fema.gov>.
