

Façade Improvement Matching Grant Program Application

I APPLICANT INFORMATION

- A. Applicant Name/Property Owner: LAUREN ISAACSON
- B. Business name: 22THIRTY PROPERTIES, LLC
- C. Mailing address: 1540 Keller Parkway Ste 108 #430 Keller, TX 76248
- D. Street address: 804 Keller Parkway Keller, TX 76248
- E. Telephone: (432) 889-3724 Fax: NA E-mail: 22THIRTY.PROPERTIES@gmail.com

II PROPERTY AND PROJECT DESCRIPTION

- A. Address/location of property to be considered for the City of Keller Façade Improvement Matching Grant Program:

804 Keller Parkway Keller, TX 76248

- B. Grant Request

1. Total Project Cost: \$ \$116,616.00

2. Eligible Grant Request (50% of total project cost up to \$5,000): \$ 5,000

- C. Project Description – (Describe what improvements will be made to the existing structure)

Installation of new Doors and windows

- Black Metal Doors with satin glass
- Fixed Picture windows
 - Black vinyl Finish (exterior)
 - White vinyl Finish (interior)
 - LOE glass

D. Project Overview

I, the applicant, verify that I have completed the following items in order to be considered for the City of Keller Façade Improvement Matching Grant. I understand that the grant will be processed if all items below are not met.

- ✓ Two cost proposals for each façade improvement. Example: two proposals for painting, two proposals for signage work, two proposals for lighting, etc.
- ✓ A 'Statement of Contractor's Qualification' is included with each cost proposal.
- ✓ One of the cost proposals for each façade improvement is from a business located within the City limits of Keller, when applicable. If a Keller business is not available for an improvement an written explanation needs to be provided.
- ✓ Exterior photos of the building before any improvements have been made.
- ✓ Rendering or written description of the façade improvements including proposed color palette.
- ✓ The proposed façade improvements have not been completed prior to City Council consideration.

DISCLAIMER

I acknowledge that I understand the terms of the City of Keller Façade Improvement Matching Grant Program, and it is my intent to meet the specified terms of this application if approved (50% of the Façade Project cost/Maximum of \$5,000). I understand further that this project is approved for grant reimbursement only in strict accordance with the approved plans that are attached to this application and hereby made part of this agreement. I further understand that change orders on the work in progress require approval by the City of Keller City Council and that failure to comply with this agreement may jeopardize receipt of grant funds.

Customer Authorization

Date

Leadtime from order to installation is approximately 8 weeks

12 MONTH FINANCING OPTION: Minimum purchase of \$2000.00 required for all purchases. 33% minimum deposit payment required upon contracted date on all purchases paid to Adooring Designs. You may inquire about a 12 month no interest 100% financing option for your project as well. Not valid with other offers or prior purchases. 10 minute over-the-phone credit approval required for financing options. Financing is subject to change without notice. Minimum payments may be required but no financing charges will be assessed if, 1. Balance is paid in full within loan term 2. If minimum monthly payments applicable, then the payments on account paid when due. To apply credit for financing please follow instructions provided by your Adooring Designs representative.

CANCELLATION TERMS OR CHANGES: Customer has right to cancel up to three days after contracted date. After three days from contracted date, Adooring Designs reserves the right not to refund any an all payments.

EXCLUSIONS: Quote includes the following installation work to be performed in a workmanlike manner according to the specifications agreed: The installation of the new iron entry, stairs, windows or lighting. The installation of matching trim around the iron door on the outside (if necessary). For iron doors, tight seal of the new door, threshold and glass frame with application of appropriate weatherstrip. For windows, the windows will be caulked inside and sealed outside, all stickers will be removed. Removal and disposal of all trash and existing entry. House and porch will be broom cleaned. Changes or other related items additional to the above will result is additional charges applied to the final balance.

IRON DOOR "LIMITED" LIFETIME WARRANTY: Adooring Designs warrants iron doors against structural defects for lifetime on ironwork and welds as long as you own the home where the door has been installed. The lifetime warranty does not apply to the finish or ancillary components included in the door. Adooring Designs warrants the finish for 5 years and will repair or replace, at Adooring Designs' sole discretion, all the door. This warranty begins on the date of order as noted on the contract. All warranties are null and void if installation is not performed by Adooring Designs personnel or Adooring Designs certified sub-contractors. All product finishes may age relative to exposure such as fading or discoloration and this is not covered by the finish warranty. The finish is warranted against flaking or peeling for 5 years. All Adooring Designs iron components are hand crafted and some designs may dictate that slight variances occur to preserve strength and rhythm. Adooring Designs reserves the right to make minor design adjustments in the spirit of this strength and rhythm. All products manufactured by Adooring Designs are "one of a kind" and as such may contain slight variations in color and design from any samples and drawings presented. There may also be slight variations in form and functionality of the product that may be different from any product inspected or viewed by customer. Adooring Designs does not consider such "variations" to be defects, but rather a natural characteristic of the product that enhances its value and defines it as "one of a kind". Such "variations" include but are not limited to hardware positioning, smoothness of edges on the ornamental iron designs, scale and positioning of scroll work on the actual door compared to the approved drawing. Patterned glass may have "variation" due to manufacturing process. Adooring Designs does not consider such "variations" to be defects but rather natural characteristic of the manufacturing process of the glass. Adooring Designs warrants the double pane glass from moisture penetration and fogging as a result of normal operation for a period of 5 years. Glass that is scratched or damaged as a result of pets or foreign objects is not covered under this warranty. Scratches identified in glass after the installation is performed are not covered. Damages caused by accident, misuse, abuse or improper installation are not covered by this warranty. This warranty does not cover decorative iron pieces including shutters or iron inserts. This warranty does not cover damage caused by paint, acid, or other chemicals or adhesives being applied to the door. Labor or maintenance such as adjustments are not covered under this warranty. Locksets, hardware and other door components are covered under the conditions of each respective manufacturer's warranties. Service charges may be applied to any repair or replacement of any components on the door. Important Note: Cleaning the door with tap water or pressure washing the door voids warranty. Please discuss proper cleaning techniques with Adooring Designs installation representatives. Adooring Designs reserves to right to change or make revisions the published warranty at any time. If there is a discrepancy from published warranty and the warranty on the contract, the warranty on the contract shall be the governing document. If a signed contract cannot be provided by the customer, the warranty is null and void. The customer has the sole responsibility of providing the contract for warranty purposes. Business with Adooring Designs is subject to the Terms and Conditions found on our website www.AdooringDesigns.com.

WINDOW WARRANTY: All limited lifetime window warranties provided by the respective window manufacture. Adooring Designs is not liable for manufacturers warranty for materials. Adooring Designs may provide you the manufacturer's warranty upon request. Adooring Designs warrants labor on window installation for a period of 12 months from contract date.

IRON DOOR MAINTENANCE: The iron door should be cleaned using wd40 sprayed directly on the metal surface and wiped off with a soft sponge. The hinges may be greased or sprayed with wd40. To clean glass, unlock glass thumb latches and clean with common glass cleaner. When the glass frame is open, be sure to check the rubber weather seal to insure all is in good condition and seated properly to iron door. BE SURE TO CLOSE GLASS LATCHES ALL THE WAY NOT TO ALLOW WATER TO PENETRATE WEATHERSEAL. If you have any daylight evident under the door you may need to raise the adjustable threshold using a phillips screw driver. Turn the screws counter clockwise to raise the threshold and clockwise to lower the threshold. If your iron door has a commercial closer then obtain wrench to make adjustments to the closer. Season changes often bring different wind directions, therefore it is recommended to check door speed and automatic closers as necessary.

GENERAL DISCLAIMER

The Glass Guru of Southlake, TX ("Franchisee") is independently owned and operated.
Please contact Franchisee directly for warranty claims or service.

Unless otherwise stated, Franchisee offers a one year workmanship warranty on installations performed by Franchisee employees or contractors. Additional warranties may be offered by the product manufacturer and may be provided upon request.

To protect your property, we encourage you to remove window coverings, furniture, wall hangings and other personal belongings from areas leading to, and immediately surrounding, where work will be performed. Franchisee will not be responsible for damage to personal property that has not been removed from these areas. To ensure proper scheduling of your service, please advise our office if you will require assistance with removal and replacement of these items when placing your order. Depending on the amount of additional employee time required, there may be an additional charge for this service.

In some cases, a window's trim (glazing bead/stop) or other components may have become weak and/or brittle due to exposure, or may be overly adhered to the window glass or frame. While we take great care in the removal and replacement of these parts, damage may be unavoidable. Unless otherwise indicated on this quote, the replacement of these parts is not included. If replacement is required, Franchisee will supply the replacement parts for an additional cost. Exact match parts may or may not be available.

MOISTURE REMOVAL SERVICE DISCLAIMER *(For all Foggy Window Repair estimates):*

The Glass Guru® Moisture Removal System cannot be applied to glass units or doors made with tempered glass. While less than 1% of tempered glass is not marked, as it is required by law to be marked, Franchisee takes every reasonable precaution to identify tempered glass units prior to service. Franchisee is not responsible for the rare breakage of unmarked tempered glass.

*Please allow twelve (12) weeks for glass unit(s) to fully dry after The Glass Guru Moisture Removal System is installed. The System is warranted for 10 years.

SCRATCH & STAIN REMOVAL DISCLAIMER *(For all Scratch Removal or Water Stain Removal estimates):*

Glass units quoted for scratch and/or stain removal are damaged to the point that the damage cannot be adequately removed with conventional cleaning products or methods. Franchisee utilizes advanced restoration products and methods to restore glass and there is no guarantee that Franchisee will be able to restore the glass to like new condition. In some cases, despite our best attempts, the glass may appear worse. I also understand that there is a possibility of minor to severe distortion of the glass and sometimes even breakage.

Understanding these risks, I hereby authorize Franchisee to attempt to restore the damaged glass quoted. I agree not to make any claim against Franchisee and indemnify Franchisee from any liability arising from or in connection with the restoration of the glass units.

SHOWER ENCLOSURES DISCLAIMER:

Installation of shower enclosures generally require holes to be drilled through tile and/or stone surface for proper fastening. Franchisee will not be liable for cracking, chipping, or breakage of these materials that may occur during, or after, the installation process. The strength of these materials (e.g. tile, stone, etc.) are largely determined by type of material, degree of adhesion to the substrate material, and the existence of naturally and/or unnaturally occurring fissures in the materials. Additionally, Franchisee is not responsible for stains or discoloring that may be visible on tile, stone, or other surface(s) before or after removal of existing shower enclosures.
