Re: Bear Creek Park  
Sanitary Sewer Improvements

Dear Mr. Maberry:

On September 10, 2019, eight (8) bids were received for the Bear Creek Park Sanitary Sewer improvements. The bids ranged from a low of \$119,141 from Flow Line Utilities, Inc of Dallas, Texas to a high of \$295,807 submitted by Gra-Tex Utilities of Arlington, Texas.

This office reviewed each bid for correct addition and extension of values. No errors were found which adversely affected the order of the bids received. The apparent low responsible bid is from Flow Line Utilities, Inc. They have successfully completed several sewer projects in this area.

The contractor will provide the necessary bonding and insurance as required in the contract documents. Based upon the references, bonding, and insurance, this office did not find a reason to not award the construction contract for the Bear Creek Park Sanitary Sewer Improvements to Flow Line Utilities, Inc. for the amount of \$119,141.00.

We have included a tabulation of all bids received on the project for your files. If you have any questions on the above, please contact this office.

Sincerely;

Thomas Hoover Engineering, LLC
