Kevin Holmes 1120 Melody Lane Keller, TX 76248

Mr. Holmes,

This letter is to advise you that Tri-County Electric Cooperative Inc (TCEC) has no objections and is agreeable to the abandonment of the easement that begins in the southwest corner of the lot and proceeds northeast to approximately the center of the property. All other easements running parallel or approximately in parallel to the property lines and any easement space that could be considered overlapping shall not be included in this abandonment.

Use of this letter for any purposes means you agree to not place any other improvements in any portion of TCEC's remaining easements without prior written consent; to indemnify and hold harmless and defend TCEC, its officers, agents and employees from any and all claims, damages, causes of action, losses, costs, suits and liability of any kind resulting from the installation and use of improvements on the abandoned easement; and further agrees the TCEC shall not be responsible for any damage related to the abandonment.

If you have any difficulties with the use of this letter for permitting purposes, please reach out to me at 817-752-8233 or via email at DCurry@TCECTexas.com

Sincerely,

Daren Curry P.E.

Director of Engineering
