Thank you for your response. Sorry I did not respond sooner. Yes, it does seem that I did not realize that this development was really a small strip mall. Being a multi-tenant building that seems to indicate it is really a strip mall, I cannot support it. My reason is that there are several strip malls that have vacancies, so I feel that needs to be taken into consideration.

Thank you,

Hello Pat,

I think there may be some confusion on what is being proposed here, this proposed plan is for retail/restaurants, not for a multi-tenant building. Do you have a phone number that can be reached? I can put you in contact with the Planner on this project and he would be happy to discuss any questions or concerns that you may have.

Thanks,
