

Who We Are

With combined revenue of over \$12 Million between 2 locations, we are working on adding a Southern California location to secure controlling territories in 3 of the largest trailer markets in the country.

Customers come to us from all over the county and from all areas of Texas including Houston, Austin, San Antonio and others. We also regularly ship custom unit abroad.

Customers from all walks of life bring us their designs for specific applications and we bring them to life like no one else in the industry.

What We Do

We specialize in custom designed trailers, where other dealers just want to sell what is on their lot. This approach gives us a step up over our competition and allows us to keep inventory levels moderate while keeping revenue high.

The goal is to have examples of trailers on the lot and then push for custom orders which frees up cash flow and has forged our reputation as the place to go for highly custom trailers.

weekend hobbyists to large CAP companies
and government entities. The focus is to assist in
designing solution-based trailer products for all types of needs.
Fast Forward 4 years, Complete Trailers operates on an annual
Revenue of \$7 million and is the #1 nationwide dealer for ATC
Trailers as well as a top 5 dealer for 3 other manufacturers.*

LOT PHOTOS FROM COMPLETE TRAILER OF COLORADO

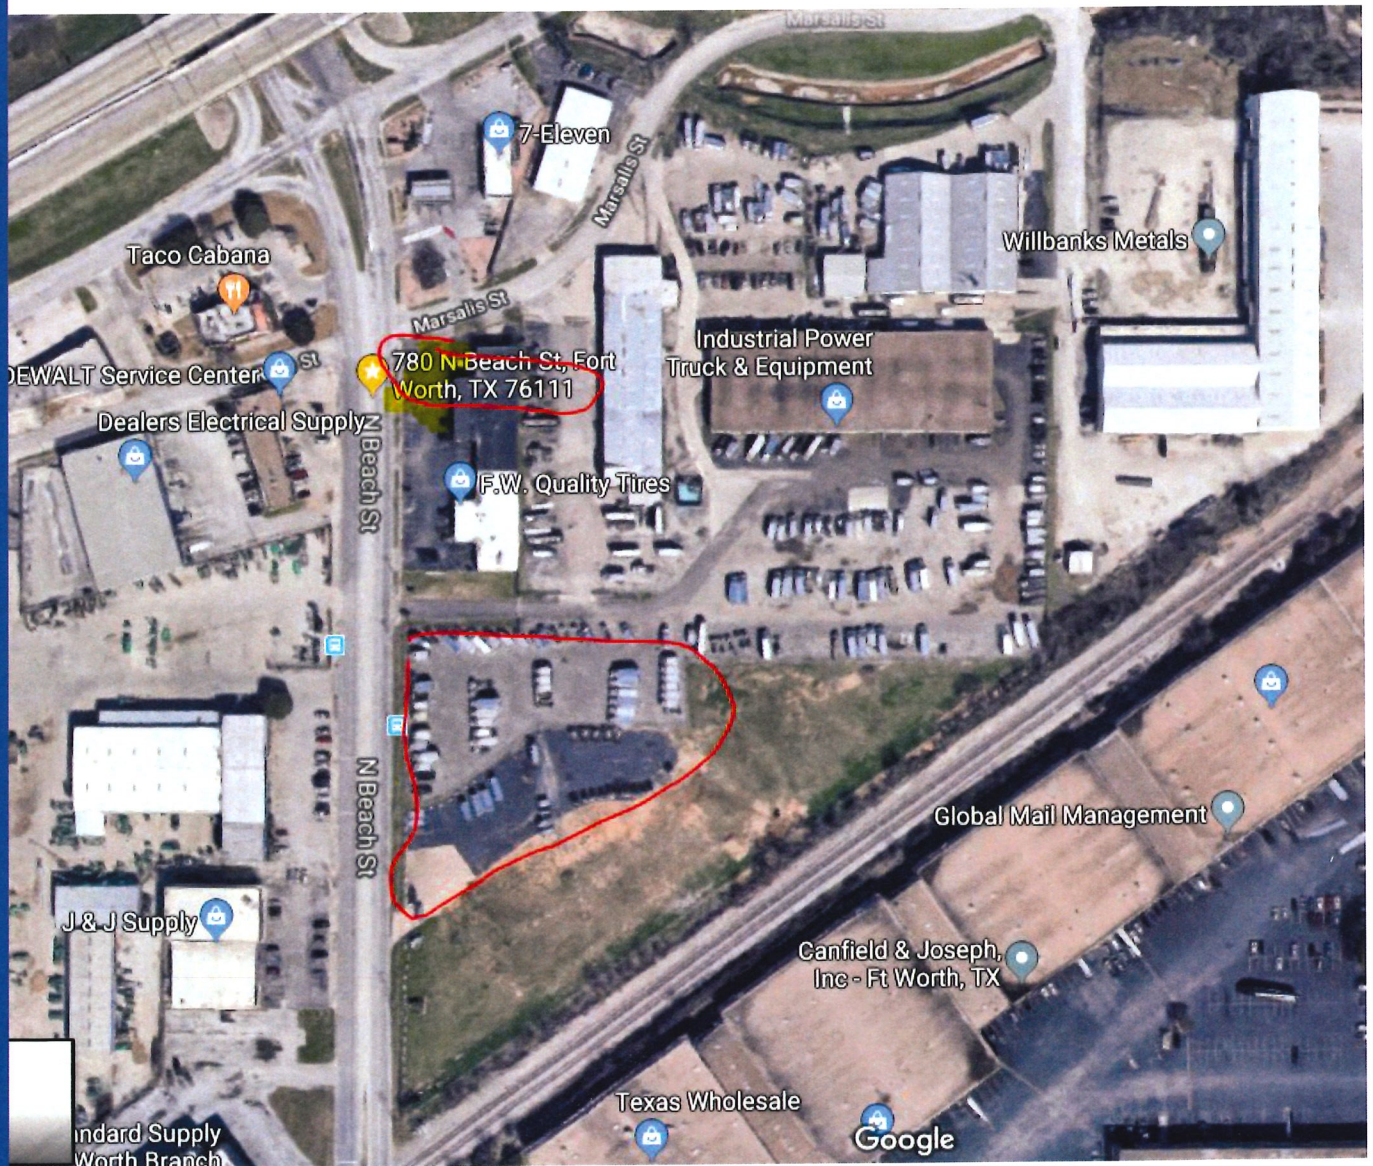

With the success of Complete Trailers, CO the decision was made to enter in to one of the hottest trailer markets in the country...Dallas/Fort Worth

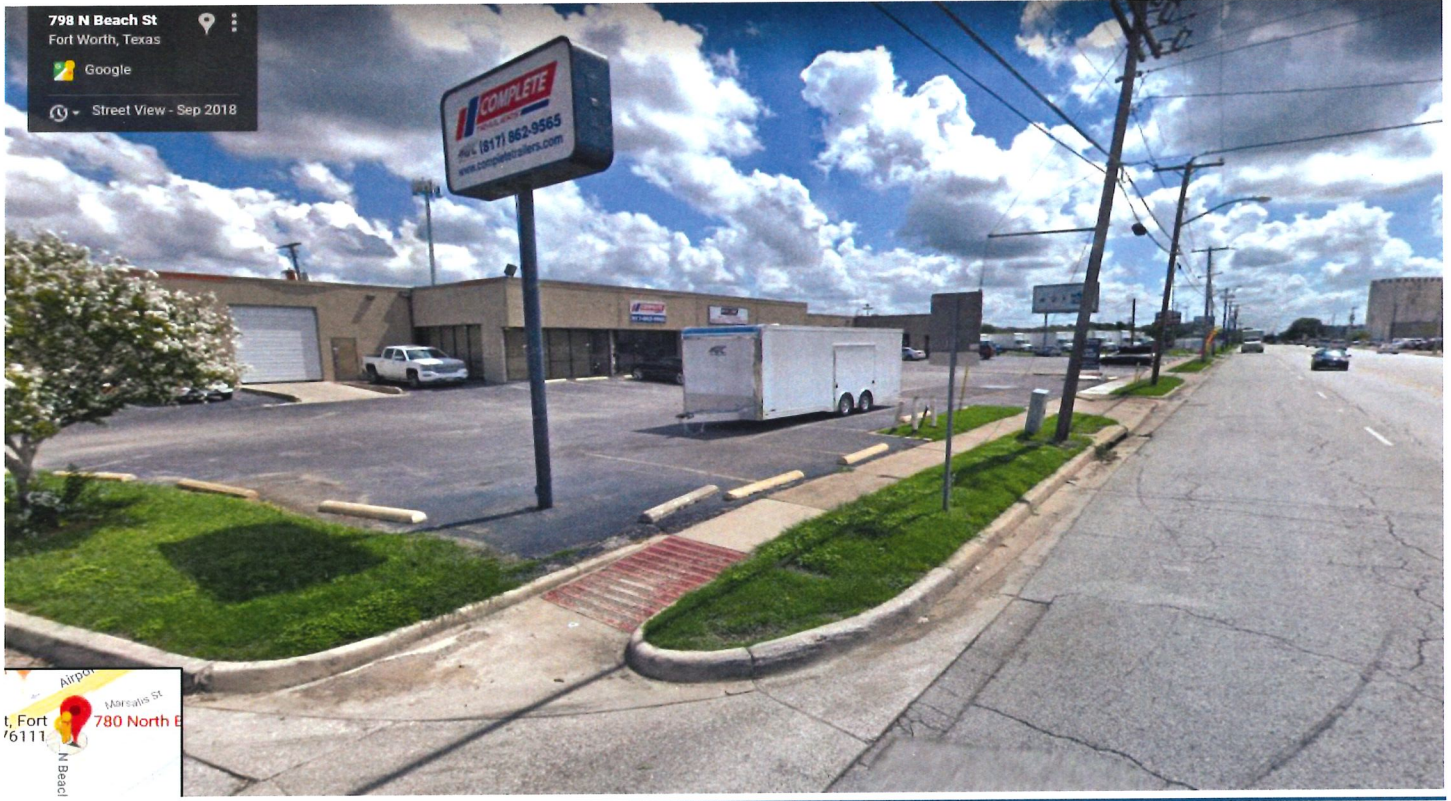

In operation since Jan of 2016, the current location in Fort Worth has presented many challenges. The office space is separate from the trailer yard and often creates confusion with customers.

Despite the challenges we have faced, Complete Trailers, TX ended 2018 with an annual revenue of \$5.3 Million. With a population of over 6.4 million people. We feel that Complete Trailers, TX will easily exceed revenues of \$10 Million per year, as long as we can secure a better location, which will bring that tax revenue to the local city where we operate.
