Item H-3

On August 10, 2021, the Planning and Zoning Commission unanimously recommended approval of the plat and variances with one condition:

1. Include a use chart with a restriction limiting Lot 2 to a telecommunication tower use only.

The Commission noted the plat with the variances indicated did provide the best course of action for the situation. The applicant was present. No person spoke in favor or opposition.

Item H-3

Section 2.07 (A) (2) of the UDC states the Planning and Zoning Commission and City Council shall take into account the nature of the proposed use of land involved and existing uses of the land in the vicinity, the number of persons who will reside or work in the proposed subdivision, and the probable effect of such variance upon traffic conditions and upon the public health, safety, convenience, and welfare in the vicinity. No variance shall be granted unless the Planning and Zoning Commission and City Council finds:

- 1) That there are special circumstances or conditions affecting the land involved such that the strict application of the provisions of this Code would deprive the applicant of the reasonable use of his land.
- 2) That the granting of the variance will not be detrimental to the public health, safety or welfare, or injurious to other properties in the area.
- 3) That the granting of the variance will not have the effect of preventing the orderly subdivision of other lands in the area in accordance with the provisions of this Code.
- 4) That the granting of the variance will not constitute a violation of any other valid ordinance of the City of Keller.
- 5) That strict compliance with the regulations, and/or that the purpose of the regulations will be served to a greater extent by the alternative proposal.

Item H-3

The City Council has the following options when considering a Plat with a variance request:

- Approve as submitted.
- Approve with modifications or additional condition(s).
- Table the agenda item to a specific date with clarification of intent and purpose.
- Deny.
