# TRM 781 Treadmill Experience™ Series

## Product Features

### 1. P82 Console

The P82 console not only offers a brilliant 15 in / 38.1 cm screen that's ergonomically positioned to deliver crystal-clear entertainment viewing for exercisers in motion, but when networked is also a direct-to-exerciser communication portal allowing you an opportunity to build your brand, share information about activities and services, and strengthen the sense of community within your facility.

### 2. Motor Drive System

The motor drive system improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

### 3. Integrated Footplant Technology™

Recognizes exercisers' natural foot speeds and matches every stride for an ultra-smooth feel that enhances their workout experience.

### 4. Ground Effects® Impact Control System

Our patented GFX system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

### 5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

## Experience™ Series

# ELLIPTICAL

### Product Highlights

The EFX® 835 with Converging CrossRamp® combines essential reliability and ease-of-use with a natural, low-impact stride to add value to your facility. Design enhancements ensure easy cleaning and maintenance for you, while the unique adjustable Converging CrossRamp® technology and upper body moving handlebars deliver a total body workout for your exercisers.

### Product Features

#### 1. Handlebars

With moving handlebars, exercisers can achieve a total body workout.

#### 2. P31 Console

Finally, an LED console that works harder for you, your servicers, and your exercisers. Get integrated asset management to supercharge your service techs with extra information, right at their fingertips. Exercisers will enjoy the well-placed channel or volume change controls. The black color on the P31 looks great across the full range of Precor cardio equipment.

#### 3. Converging CrossRamp®

Patented converging footpath design and incline adjustments between 10 - 35 degrees, along with 20 levels of resistance, give exercisers a challenging workout with a more natural feeling stride.

#### 4. Covered Rear Drive Housing

Experience easy maintenance with the covered ramp and rear drive housing that enable quick access for cleaning.

#### 5. Active Status Light

Alerts staff at a glance when the EFX needs maintenance or service.
