Commissioner Bob Apke complimented the new format, and was encouraged with the growth of the report from previous meetings. Commissioner Leslie Sagar asked if the committee was approving the old or new format of the report. Chairperson Gary Ponder stated that they are approving the old format at this time. Ms. Sagar commented that the tables showed up sideways on her iPad, but other than that she also likes the new format. In a future report, Ms. Sagar would like to see a table that list projects, a budget, expenditure to date, percent complete, a simple status, and other summaries of that nature. Public Works Director Alonzo Liñán agreed and stated he is planning to do that in future reports. Mr. Liñán stated that the approval of this report is in the old format. Moving forward, the new format will be used with the old format as an appendix until the committee is comfortable just using the new format. Ms. Sagar was pleased with that.
